Focus your energy on growing your fleet rather than getting lost in stressful fleet operations

Growth Oriented Platform

Fleet growth can be fueled by the intelligence derived from people, technology and data. Fleet managers, drivers, vendors and more can work together on a simple-to-use platform.

Manage Fleet from Anywhere

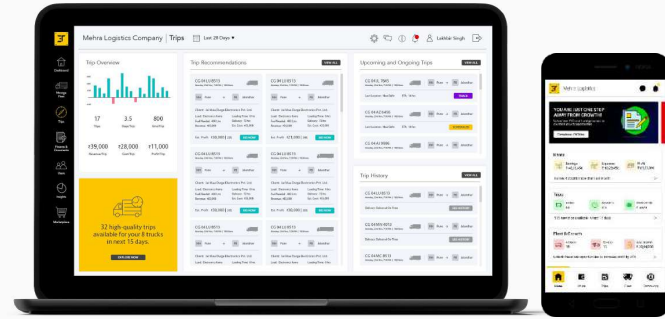

Fleets are mobile, so should be their management. Egal Club's web-based platform gives you real-time access to your fleet info and management tools anytime anywhere.

Keeping it Simple

Reduce manual data entry and automate your fleet operations. We use technology as an enabler for your business, so keeping it simple was not an option but a mandate.

Small, Medium, Large.

Every size fleet needs proper attention and care in order to grow.
